

ABEY SKYLIGHTS

Abey climate control skylights... brighten the gloom in any room

THE TRADESMAN'S CHOICE

DARK, GLOOMY ROOMS SIMPLY DISAPPEAR WITH AN ABEY CLIMATE CONTROL SKYLIGHT

Australia's innovators in skylight technology, Abey, have a range of Australian made climate control skylights to let you choose a solution that's right for your needs. Fill those dark pantries, walk-in robes, hallways, kitchens and living rooms with fresh natural light all day long. The climate control function allows you to regulate airflow for summer and winter or freshen up those locked up musty rooms and cupboards. Choose one that's right for you. And if you are handy you can even DIY.

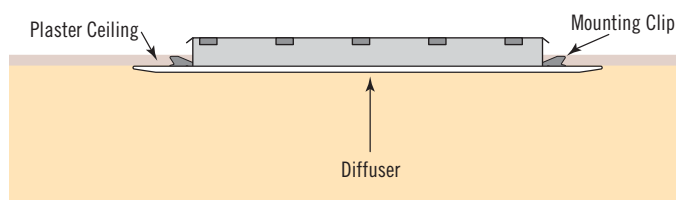

Abey Flexishaft® Square skylight

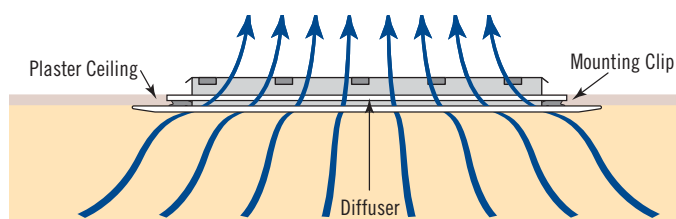

Climate Control System

Keep in winter warmth or expel summer heat with a simple adjustment. Diffuser is removable for easy cleaning.

For non-ventilation, allow diffuser to sit on frame.

For ventilation, push diffuser up onto mounting clips.

Which Abey climate control Flexishaft?

Room size in metres	Minimum size of skylight
Up to 5m ²	400 x 400
Up to 10m ²	600 x 600
Up to 14m ²	750 x 750

NOTE: This guide is Abey's recommendation based on many years of expertise and consultation with experts in the skylight industry both here in Australia and overseas. Abey Australia, a member of the HIA (Housing Industry of Australia) and SIA (Skylight Industry Association), is dedicated to improving skylight installation and design technology. Remember, this is a guide only and other aspects such as ceiling height, length of shaft, colour of room or location of skylight can have an effect.
